

# Returns made simple with Trusted Partners

## Introducing the Return Service Provider program

When you sell on Walmart.com, you can reach millions of frequent shoppers and repeat customers. With this type of demand, returns can sometimes be inevitable. That's why we've created the Return Service Provider program to help you handle returns more efficiently through our Walmart-preferred service provider.

### **Save time**

Let our approved provider handle the entire returns process while you focus on growing your business.

### **Maximize recovery**

Help recover the cost of returns with a range of value-added services, including handling, processing, inventory liquidation, and more.

### **Safeguard against fraud**

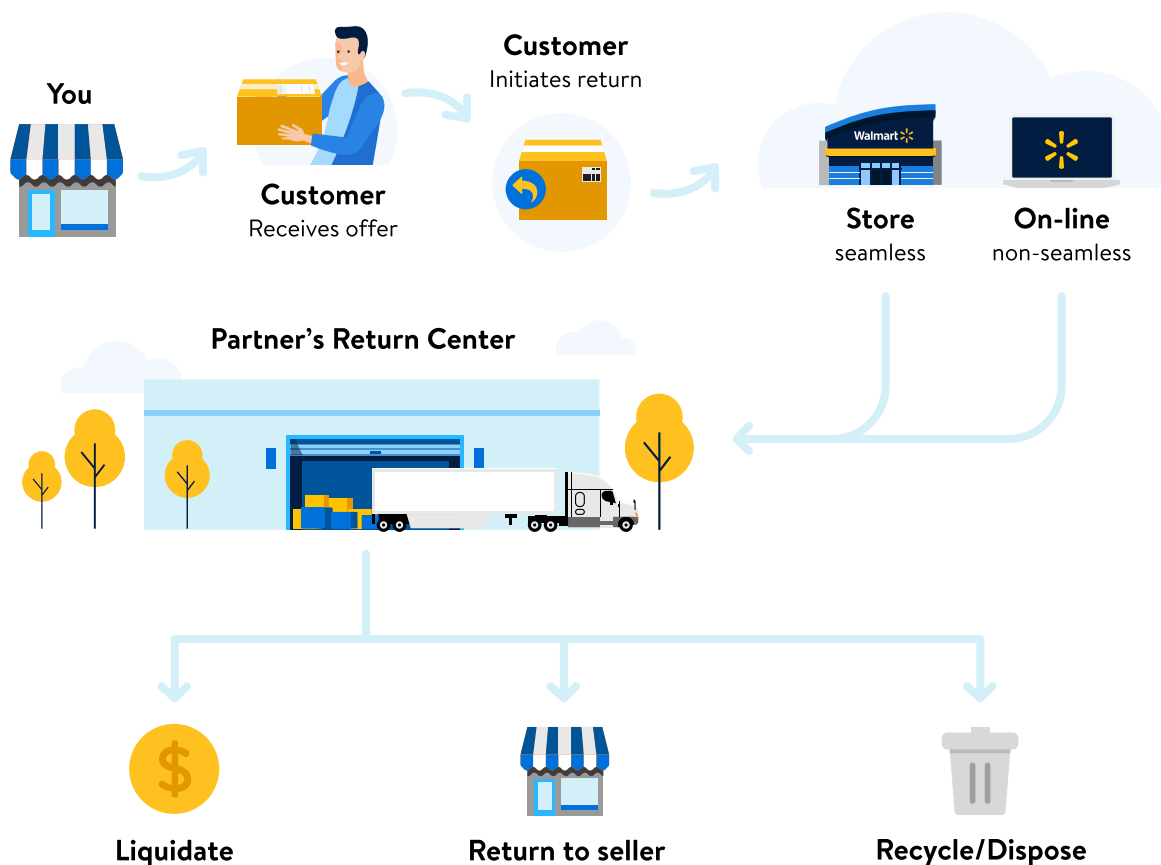

Protect your profits with advanced fraud detection tools and help keep your bottom line secure.

## **The Return Service Provider program is perfect if you:**

- ✓ Don't have a return center in the U.S.
- ✓ Lack staffing or resourcing to manage the process
- ✓ Want to recover as much value as possible from returns

## How it works:

- Contact Walmart-approved provider, Return Pro at [info@returnpro.com](mailto:info@returnpro.com) and agree on a rate
- Once the partnership starts, the provider's return centers will be reflected in your settings

Get started today for the opportunity  
to unlock **exclusive savings up to \$500**

**Curious to learn more, or interested in participating  
in the Return Service Provider program?**
